It should be noted that the results as published on the Bart's Bash website are compiled from all the clubs around the world. A one-off handicapping system has been developed based on the boat class, the distance raced, the time taken and the wind range (heavy, medium or light).

After about 14% of the results have been gathered, Notts County is the largest club by craft finishing – see left – and this number doesn't include the Windsurfers yet.
